Footnotes

* Includes random 5% sample of Medicare beneficiaries who were eligible for or enrolled in Medicare on or after January 1, YYYY.

[†] Chronic conditions have a 1 to 3 year look-back time period (reference period). Since the data included in the CCW begins in 1999, beneficiaries cannot meet any chronic condition algorithm that has a 2 or 3 year look-back until 2000 or 2001 (respectively). Please refer to the CCW Condition Categories for more information.

NOTE: The *n* considers fee-for-service administrative claims criteria only. The beneficiaries included in these counts may have any combination of Medicare coverage, including full or partial fee-for-service and/or HMO coverage. The application of coverage restrictions/criteria will impact the size of these samples.

[▲] Outcome and Assessment Information Set: Assessment data collected by home health agencies.
