Medicare Beneficiary Counts* for Other Chronic or Disabling Conditions† for 2007 Through 2016

Table B.1.b

Page 3 of 3

Footnotes:

* Includes all Medicare beneficiaries who were eligible for or enrolled in Medicare on or after January 1, YYYY.

† Beneficiaries may be counted in more than one condition category. All conditions have a 2 year look-back time period (reference period). Please refer to the CCW website for more information, including the algorithms, for these Other Chronic or Disabling Conditions.

NOTE: These counts consider fee-for-service administrative claims only. The beneficiaries included in these counts may have any combination of Medicare coverage, including full or partial fee-for-service and/or HMO coverage. These counts should not be used for reporting of population-based health statistics, rather they should be used for cohort size estimates.
